| 3 x 6 m   | 32,2 kg | 25 x 44 x 160 cm |

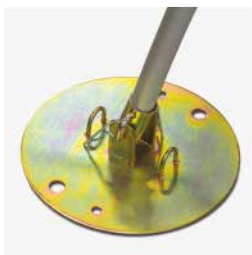

Discover the exceptional series of **EVENTSHOW tents**, characterized by an incredibly lightweight but solid construction. Our tents are the perfect combination of durability and stability, making them indispensable for various outdoor events. Thanks to the innovative collapsible design, our tents are easy to transport and carry, allowing for quick and convenient use in any location.

We offer three different sizes in our assortment. The key element of our tents is the hexagonal frame profile, ensuring significantly greater durability compared to traditional rectangular constructions.

# DOME TENT

Discover modern modular exhibition stands that consist of a series of modular elements, supported by mutual frames. These innovative exhibition booths stand out not only for their quick assembly and disassembly but also for their ability to be customized according to individual needs. With the simplicity of assembly and disassembly, as well as the flexibility of the structure, modular stands allow for rapid adaptation to changing trade show conditions. Adding or removing a module is easy and intuitive, making these stands incredibly flexible. Once folded, the exhibition stands take up minimal space and can be stored or transported very easily. This is an excellent solution for companies participating in numerous trade shows and events, where modularity allows for easy adjustment to diverse spaces and event themes. Choose an innovative approach to presentation and opt for a modular exhibition stand for your company.
